MORE VISUAL OR MORE THEMATIC?

SIMSEARCH®

Enlarge any image to get visually similar images or images from the same shoot at the bottom of the screen. To see a full screen of similar images, select “Visual” for results that are more visually alike or “Thematic” for more conceptually connected images.

[see SimSearch screen capture](#)

VISUAL PAIRING

VISUAL PAIRING

Control your SimSearch results by changing the keyword in the “Visual Pairing” field. You’ll get images for the new subject that are visually similar to your selected image.

[see visual pairing screen capture](#)

SUBSCRIPTIONS

ROYALTY-FREE SUBSCRIPTIONS

Find this icon under a royalty-free image if the image is available for download via one of your Royalty-Free Subscription plans. Don’t have a plan? See masterfile.com/subscribe/ or call your Account Executive.

3 WAYS TO SEE IT YOUR WAY

DISPLAY SETTINGS

See your search results the way you like: large square thumbnails, mini square thumbnails or full format images with no cropping. You’ll also find controls for the auto-browse function and other search features.

[see display settings panel](#)

SEARCH HISTORY

HISTORY AND RECENT SEARCHES

Click “History” above your search results or click the clock icon below any enlarged image to find your 5 most recent keyword searches. See a visual record of all the images you’ve enlarged previously via a drop-down menu.

[see history panel](#)

THE POWER OF 4

LIGHTBOXES

You can have up to 4 active lightboxes! Select the checkboxes on the main Lightbox page to choose which lightboxes are active. Easily add images to any active lightbox during your search by clicking one of the icons below enlarged images and thumbnails (on rollover view).
